

Co-pays are fixed dollar amounts

1. For example, the co-pay to see your doctor may be \$30, for long or short visits.

Doctor visit costs \$200.
You pay \$30.

Doctor visit costs \$400.
You pay \$30.

2. Your co-pays can be different for different health plans, networks, or services.

Plan A: \$25 co-pay

Plan B: \$35 co-pay

Plan C: \$45 co-pay

3. Most co-pays are \$50 or less. But the co-pay to go to the Emergency Room can be high.

4. How can I find out the co-pays for my plan?

Look in your health plan's **Summary of Benefits and Coverage**.

| | |
|--|---|
| Primary care visit to treat an injury or illness | \$35 copay/visit |
| Specialist visit | \$50 copay/visit |
| Diagnostic test (x-ray, blood work) | \$10 copay/test |
| Imaging (CT/PET scans, MRI) | \$50 copay/test |
| Generic drugs | \$10 copay/prescription (retail and mail order) |
